میرا علم عقیدہ ہے تہذیب طریقہ ہے۔

میرا حال شاداں ہے اور فردا تاباں ہے۔

میرا سبق محبت ہے اور مشق اخوت ہے۔

استاد میرے رہبر ہر گام چراغاں ہے۔

بے علم کوئی نہ رہے، یہ عہد ہمارا

دیپ سے ہر دیپ جلے، یہ عزم ہے ہمارا

شان میں یکتا میرا پاکستان ہے

لرنگ الانیس تو مرکز عرفاں ہے

ہے پیروی حق بات کی میرا مقصد زندگی

جذبہ جنون بیدار رہے، ہمت جواں رہے

محنت مروت صداقت روشن ضمیری

یہی دولت یہی ثروت میری پہچاں ہے

بے علم کوئی نہ رہے، یہ عہد ہمارا

دیپ سے ہر دیپ جلے، یہ عزم ہے ہمارا

شان میں یکتا میرا پاکستان ہے

لرنگ الانیس تو مرکز عرفاں ہے

Executive Principal's Message

"What a roller-coaster ride it has been for all of us!"

I am so proud of each one of my school community members who have shown commendable resilience in beating all odds to continue the educational journey of our students. It is said that difficult times such as these alter us and change the way we think and operate. Social distancing protocols forced us to explore a different lifestyle and defined a new normal. I understand it has been tough for our students, but I commend them for how they adapted themselves and made the best of these trying circumstances.

The year 2021 also marked a new beginning for me, as I took on the role of Executive Principal and witnessed my team take on responsibility in the management of their respective schools. I look forward to them undoubtedly raising Learning Alliance to greater heights with their continued determination and expertise.

I was thrilled to see the return of co-curricular activities on campus and have parents back as proud audiences of their children's presentations, plays, graduation ceremonies and so much more. I especially enjoyed the amazing performances from students of Learning Alliance and Learning Alliance International this year!

Learning Alliance International received another feather in its cap by maintaining our status as an IB World Continuum School after a thorough evaluation conducted by the international team from IBO. Our students have made us proud by winning numerous prestigious accolades in various national and international competitions, especially the five Junior School students from LA & LAI who have been selected to represent Pakistan in the Western Asia Youth Chess Championship to be held in Maldives this summer.

I wish the best of luck to our outgoing batches of A level and IBDP as they embark on their next journey. These students have worked

Ms. Anjum

extremely hard to secure admissions in top ranked universities such as Stanford University, Parsons School of Design & University of Warwick to name a few. Additionally, one of our A level student received a World Distinction in Sociology, while two O level students received National Distinctions in Biology and Economics respectively in the final CAIE Examinations.

This year on Earth Day, my team and I took a conscious decision to digitize the School Magazine and Yearbook. This will not only help us save paper but will also enable safe record keeping of the magazines and will allow ease of access to everyone. I would strongly encourage my students take small initiatives in protecting our home, our planet Earth. We have to think and do today for a better cleaner and sustainable future for coming generations.

Wishing you all a very safe happy healthy future!

Principal's Message

Learning Alliance Junior School Gulberg had an extremely eventful and rewarding year despite being the first year back from lockdown due to the pandemic. Our parents, faculty and administration's dedication, and our student's enthusiasm for defying these obstacles, and achieving collective goals have been truly awe-inspiring. This year, we not only excelled in academics but also took our extracurricular activities to new heights. From scholastic competitions such as the Kangaroo Linguistics and Mathematics Contests, to our girls showcasing extraordinary Gymnastic skills at the Learning Alliance Artistic & Acrobatic International Gymnastics Competition - students have continued to work with zeal, making sure they expand their intellectual and athletic abilities to the maximum. The Annual Play gave our students the opportunity to explore their creative potential, and I was delighted to see their wonderful performances, having witnessed first-hand how hard they worked during their rehearsals.

Learning Alliance has a rigorous approach to raising the academic achievement of all students. This magazine is a true embodiment of the hard work put in by our students, and I am deeply proud of them. All this would not have been possible without the cooperation and understanding of our parents, and their commitment to their children's futures. I wish all of us best of luck in our endeavors and pray that we carry with pride the name of this esteemed institution. I hope you enjoyed this year as much as I did. I wish you and your child all the best for the coming academic year.

Ms. Zaira

SVP's Message

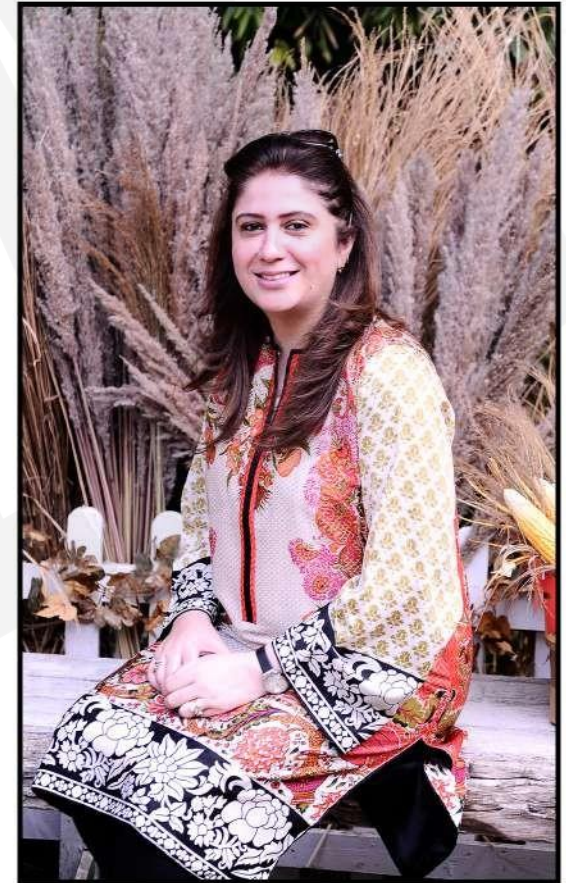

I am always amazed at how the school year's end arrives so quickly. Thank you all for the support and patience shown these past ten months. We had successes and some challenges, yet we continued the work we needed to do to ensure our students' safety and educational needs. Ask anyone from the school how the year went, and I'm confident you'll get "it was challenging" in the response. And it surely was for all of us. But in our adaptations and reflections during this time, we still grew. We gained new skills and standards about how we teach, learn, and relate to each other and ourselves. Personally, the highlight of the year was working with the students of Grade III & IV for their 1st Annual Play Ella Enchanted. Our students displayed exceptional talent, skill, discipline, kindness and fortitude.

I want to thank our hard-working and caring faculty and staff, who have made a massive difference to our students. Their commitment to our students' enrichment is truly outstanding. Thank you for providing rich, engaging, well-rounded experiences for our kids. Thank you for recognizing that education is about wonder, fostering curiosity, and developing social skills needed to succeed. For these and a million other things, we are truly grateful.

We thank our parents for helping us wrap up a good year here at Learning Alliance Junior School Gulberg. Your help, encouragement and partnership go a long way to making this a special place.

A final word to students: Thank you for your hard work throughout the school year. I am honoured to be your Senior Vice-Principal; you make me proud. You keep me laughing and young at heart. I am grateful for your joy, astute insights and unique talents. We sadly say goodbye to the Grade 4 boys who move to the Aziz Avenue Campus this year.

Best wishes to you. I shall miss you greatly—please come back and visit. Everyone, have a safe and happy summer break.

International Kangaroo Linguistic Contest

"We are proud of our very own Minah Gulab Malak (III b) & Raniya Ali Qureshi (IV) for winning the Bronze Medals while participating in the International Kangaroo Linguistics Contest. We are uber excited to witness all that they will achieve in the future."

IF I WAS THE PRINCIPAL FOR A DAY

M. Hashim Ahmad

II B

MY SCHOOL

My school name is learning alliance. My school is very good and very big. My teachers are so sweet. My class is so big. There are fifteen chairs in my class.

There a lot of classes. There are my so many friend. I love my school a lot. There is a cycling area in my ground jungle gym and there are so many rooms in my school.

There is a swimming pool in my school. There is a science lab in my school. There is a very big swimming pool in my school. My school is very good.

Ali Ahmed Saeed

III B

If I was the Principal for the day, the first thing I would do is change the school into a more fun area. I would make sure that every day has Physical Education classes. I would also change my anime into Mr. Ali.

I would take the whole class to famous landmarks such as the Big Ben, Statue of Liberty, Eiffel Tower, and Minaar-e-Pakistan.

The exams and tests would be easier. It would be lots of fun being Principal for the day.

Alina Haider

III B

If I was the principal for the day there would be three weekend's Sunday, Monday and Friday. Oh there would also be four classes but they would last for an hour. The first class on Tuesday would be G.P next up Art for an hour then Urdu. Before Urdu would be break.

On Wednesday would be English in the place of rasplus and on Thursday it would be same as Wednesday but a field trip in the place of English. There would have to be in school at 9:00 am and there home time would be at 1:00 pm. This weeks field trip would be to packages mall. Oh it would be so much fun.

IF I WAS THE PRINCIPAL FOR A DAY

Annaya Ali Khan

III B

If I was a Principal for the day of this amazing, beautiful, and lovely school Learning Alliance Gulberg - I would be a kind and generous Principal, king of like every lovely principal here, for example, Ms. Faiza, Ms. tania, Ms. Zaira, and Ms. Anjum. Every blessed Friday I would give the students chocolates.

Yes, I would choose a Friday to be a Principal. I would also take the kids on a field trip to Minaar-e-Pakistan. That's it, I really hope the children like me and they have lots of fun.

Ayesha Kashif

III B

If I'm the principal for the day. I would call all her students in my office and tell them that they will play for one hour and after that I would call their parents and tell the, to pick up the students late. After that I would take them with me to a field trip and when we come back I would let the students do whatever they want.

After that I would take everyone to my office and give them free food to eat. Then I would ask the students what they want to do? And whatever they say we would do that. Then whatever the students say I will do it with them.

Hadi Mir Khan

III B

If I was the principal for the day. I would be very kind and clear to my students. The break time would be for 45 minutes. So my students could happily play did easily finish their lunch the home time would be at 1:47 pm.

The PE class would be 1 hour. We would not have exams only tests and quizzes. The summer break would be 3 and a half months and winter break for one month. The spring break for 2 weeks and 4 days. It would be so fun.

IF I WAS THE PRINCIPAL FOR A DAY

Minal Gulab Malak

III B

One day I imagined if I was the principal and well if I was the principal instead of all the students eating healthy I would give them candy to eat! They would never have to do work, instead I would give them phones to play games on. I would turn the classroom into a gaming room.

Instead of chairs there would be bean bags and instead of tables there would be phones, tablets and laptops. Also we would go on field trips to FunCo, Zoo's, fast food restaurants and parks. Spring breaks would not be for 1 week but for 2 months. Home time would not be at 1:00 pm but 10:40 am. That's what I would do if I was the principal.

Minsa Kamal

III B

If were the principal for the day first I would go in the principal's office and check what was planned for the day. If there was anything interesting or fun then I would plan something myself.

I would plan to call the Ice cream man and Dunkin Donuts. I would also call McDonald's and I would tell them to sell their food at school to all the children.

After that we all would have a field trip to emporium mall and have the fun of our life. We would come back before home time and the children and go home.

Surprise Gift

One day I was getting ready for school. I was sad, because today was my birthday, and my parents forgot. I went down to go to school. I was mad at my parent because they forgot my birthday. I was at school I met my BFF. She said happy birthday. I was so happy. I went back home my mom and dad surprised me. They got me a new ipod, iphone, laptop and tv. I saw my friends coming and family. I went upstairs to get ready. I love the gifts but I wanted a puppy and a car. My mom called me down. I came she told me to close my eyes and I did. I opened my eyes and I saw a car and a puppy.

Homes

If you could change your home for a different one, what kind of home would you like to live in? Write about your new home.

I would like to live in a tent. I will take the tent in a rain forest because I love nature. When I will wake up I will see lots of animals and birds. I will keep a map because I don't want to lose my tent. Then I will shift my tent to the mountains. There I will enjoy the mountain snow there. I will change my place to the island. There will be lots of palm trees. I can swim in the ocean. I want to have fun and enjoy. The end

My Father

Baba you are bright like light
For my life.
You are a superhero
You are not a zero.
You are the best
Than the rest.
You get everything done
That is why you are number one!

Spring is here Spring is here

The weather is so clear

All the birds are flying near

The insects are crawling without any fear

All colourful flowers will soon appear

The kids look so happy and dear

Spring is here Spring is here

Time for my birthday has come so near

Spring

The weather is pleasant and sunny

The ~~spring~~ birds are always flying

Birds can fly and sing

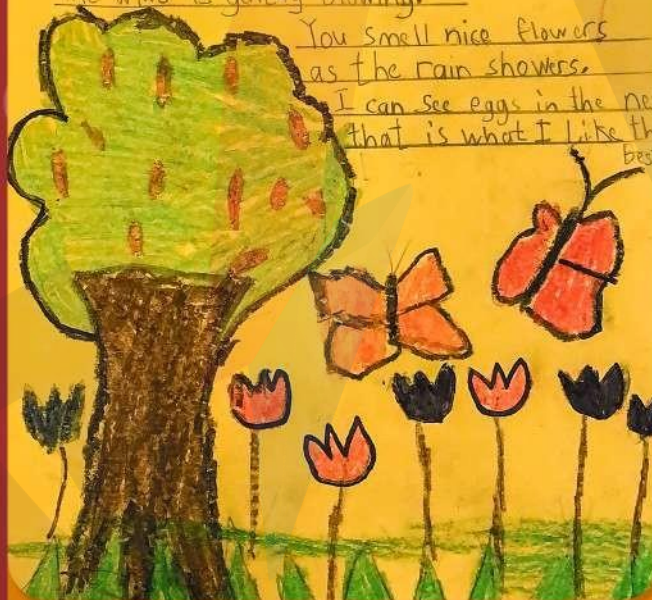

Because it is the time of Spring

Every thing is growing

The wind is gently blowing

You smell nice flowers
as the rain showers.

I can see eggs in the nest
that is what I like the best

Paris

Paris is the capital city
of France in the north
central part of country.

What is Paris famous for?
Paris is famous for
Louvre Museum, Notre-Dome
cathedral, and the Eiffel tower.
It has a reputation
of being a romantic
and cultural city.

Is Paris known for cafe?
Paris has always
been known for its
cafes, creme and
and hearty espresso.

Fact!
Do you know that Paris proper
name is Pari.

ARTIST'S CORNER

Art Fest 2022

It was a perfect day to be sitting with friends outside, under the clear blue skies, painting away. The Junior School Gulberg 1st Art Fest proved to be a big success as the students worked on their pieces with extreme dedication and focus - determined for their piece to win the competition. Some painted along the theme of child labour, while others celebrated their favourite and beloved family members and friends by drawing their portraits. The entire school ground was filled with colour, giggles, and absorbed faces of our bright young artists.

Following is the list of Students who claimed top positions:

Class I - Category: Portrait

1st Position: Zahra Ali

2nd Position: Haya Ahmed Tawab

3rd Position: Ashal Ali

Class II - Category: Landscape

1st Position: Sheharbano Hassan

2nd Position: Sundus Mehmud Bajwa

3rd Position: Linta Ahmed & Ishaal Nafees

Class III - Colourful & Abstract

1st Position: Zara Masood

2nd Position: Annaya Ali

3rd Position: Iesa Imran Rashid

Class IV - Child Labour

1st Position: Aamna Haider

2nd Position: Maiza Umer Khan

3rd Position: Ranniya Ali Qureshi

SPORTS & WELLNESS

Health Week

Junior School Gulberg celebrated Health Week from 18th October to 22nd October 2021 with full spirit. The goal was to familiarize young students with food groups, nutrition, exercise, and awareness regarding mental and physical health. Even though nutrition and health education has always been an integral part of the school's curriculum, however, in present times, it deems necessary. The threats of Covid-19 virus, dengue, flu, and smog loom over our heads. Encouraging students early on, how to take care of their bodies, health, and mind will help us build a healthier and stronger community.

Discussion of 5 Food Groups, & Balanced Diet

The students of Class I made Food Booklets, and of Class II, constructed 3D Food Pyramids highlighting the main food groups. Students of Class III and IV made diet charts according to the lunch they brought over the week.

Moreover, a special workshop was held by the Campus Doctor, Dr. Ghazala Habib, where she spoke about the importance of a healthy meal and the consequences of an unbalanced diet. An exclusive morning assembly was also held at the end of the week where the students were involved in a trivia quiz to wrap up their learning outcomes of the Health Week.

"Strong Mind, Strong Body": Hatha Yoga & Meditation

In lieu of Health Week at Learning Alliance Junior School Gulberg, the students of Classes I - IV practiced mindful meditation and Hatha Yoga on Friday, 22nd October 2021; focused on teaching students how to slow down and be mentally and physically aware of present surroundings. Apart from psychological benefits, these breathing techniques also play an important role in strengthening the lungs and improving digestion. Following meditation, the students practiced various Yoga poses, focusing on full-body stretching. The most favorite seemed to be the camel and cobra poses. A number of students showed keen interest. Once the giggling was over, many quietly retreated to their individual zones.

Sports Week

The students of Learning Alliance Junior School Gulberg showcased their remarkable athleticism and sportsperson spirit during the Sports Week. The event commenced with the flag bearers leading the student's march past. This was followed by the recitation of Surah Al-Ikhlās, Oath-taking, and the harmonious singing of the National Anthem. The event was packed with a variety of activities. Students geared up for competitive football matches, where one class section competed against the other section - while their peers sat on the sides, pom-poms in hand, cheering on their favorite teams. Apart from the matches, the students participated in a number of races such as the hurdle race.

The most fascinating was the gymnastic display where students ran up to a ring perched up in the air, performed a front flip through it, and successfully landed on the mattress. Moreover, the students showcased their Taekwondo skills; proving immense discipline and control on their physical movements. The Sports Week was concluded with the Prize Distribution Ceremony where winning racers received their medals, and victorious class teams were awarded with their cups. After the ceremony the teachers and students partnered up to defeat the other in a fun tug-of-war. The most wonderful aspect to come out of Sports Week was the big-heartedness of our students. They not only played with full enthusiasm, but also cheered for their friends and schoolmates with great fervor and warmth.

Gymnastics Competition

Learning Alliance Junior School Gulberg participated in the 1st LA & LAI Artistic & Acrobatic Gymnastics Competition U-13 Girls Interschool Championship 2022 at DHA Campus Lahore. Attiya Rehman from Class IV made her school proud by winning a Silver Medal in the first category of Floor, Vaulting Table, and Balance Beam.

FACTOIDS & ENTERTAINMENT

DO YOU KNOW?

Food for the Brain

Did you know?

- Every year the female giant clam lays billions of eggs so it may have the biggest families of all.
- In every two years only one egg is laid by the Albatross mother until the chick is big enough to fly. It is looked after by its parents for about ten months.
- One of the dangerous babies would be the young dragonfly. It has got spiky jaws with which it clutches almost anything in rivers and lakes.
- There are a billion bacteria in your mouth at a time.
- Your skin is the largest body organ.
- Human eyes can detect about two million different colours.
- Human blood is salty as the ocean.

Iesa Imran
III A

Fun Facts:

- Your nose gets warmer when you lie.
- Number four is the only number with the same amount of letters
- Caterpillars have 12 eyes.
- Horses and cows sleep standing up.
- Kangaroos cannot walk backwards.

Ayesha Kashif
III B

Fun Facts about Planes:

- On new year's day of the year 1914, the first scheduled passenger airline took its maiden flight. The route was a 34 kilometers hop across Tampa Bay in Florida, and the first passenger was the Mayor of St. Petersburg, Abraham C. Pheil.
- Talking about busy... the busiest day recorded in aviation is 24th July 2019, with more than 225,000 flights recorded, that too on my birthday!

Haadi Mir
III B

Facts about animals:

- Many bears have rotten teeth because of eating too much sugar.
- The name leopard is from Latin word "Leopardus" which means spotted lion.
- Ostriches lay the largest eggs - 24 times bigger than a chicken's egg.
- A starfish is one of the many creatures that make their home among coral reefs.
- Ostrich eyes are almost as big as tennis balls.

Minsa Kamal Hameed
III B

Facts about Polar Bears:

- They have black skin which absorbs more UV light to stay warm.
- Their fur acts as a fiber optic cable directing the light to the surface on the skin.
- Their fur is transparent.
- Classified as marine animals.
- They can swim continuously for days at a time.
- Less than 2% of polar bear hunts are successful.
- Scientists can extract polar bear DNA from just their footprints.

Rania Ali Qureshi
IV

Fun Facts:

- The Mona Lisa has no eyebrows or eyelashes.
- The strongest muscle in our body is the tongue.
- Bananas cannot reproduce.
- It is impossible to say "hm" while holding your nose.
- It is impossible to sneeze with your eyes open.
- Rainbows can be in the sky even at night.

Arfa Anam
IV

Fun Facts:

- Dragonflies come in every colour of the rainbow.
- Adult dragonflies have the largest eyes of any kind of insect.
- In some parts of the world you can buy dragon flies on sticks as a treat.
- Young dragonflies shed their skin every time they grow.

CLASS PRESENTATIONS & ANNUAL PLAY

ANNUAL PLAY ELLA ENCHANTED

The students of Junior School Gulberg (Class III & IV) put up a wonderful performance of Ella Enchanted for their Annual Play. The stage depicted a deep forest where magic, spells, music, and justice prevails. The students had been rehearsing for weeks now, and ripples of excitement, mixed with nervousness, were evident on their faces. The choir kept everyone entrapped into the enchanted forest with their melodic voices, and the main characters did extreme justice to the parts they played. The Elf Song was a particular highlight as the students, dressed up in vibrant elf costumes, danced, twirled, and pounced around on the stage.

The moral of the play was that no matter how small you are, you can always make a difference and bring about justice. Seeing our students so excited, yet relaxed and confident on stage was a proud moment for us all. From dialogue delivery, to following the relevant cues - the students did a remarkable job. The play concluded with bows and confetti, and the students jumped off of stage hastily to embrace their parents.

Class I: 'Sharing the Planet' Class II: 'Hope for the Planet'

The students of Class I & II displayed wonderful performances of the plays 'Sharing the Planet' & 'Hope for the Planet', respectively. The predominant theme of the presentations was ecocriticism: where the students celebrated nature's diversity and the codependent relationship of humans with nature, highlighted the ways all animal and plant life is necessary for the smooth functioning of our planet and how excessive human practices are harming the environment. The students were dressed up in vibrant costumes depicting animal life.

Boasting with confidence and thrilled to be up on stage in front of their parents, the students did a remarkable job of reciting their lines with appropriate expressions. It was evident that the students thoroughly enjoyed the characters they were playing. Both the plays ended in songs, sung in perfect harmony. As soon as the plays concluded, the students were eager to jump into the arms of their parents: proud of what they had achieved. These presentations not only helped students with their confidence and self-esteem, but also taught them how to work as a team with their peers.

Character Parade & Class Party (Last Day of School)

The students of Junior School Gulberg celebrated their last day of school with a fun-filled Character Parade and Class Party. Dressed as their favourite characters from various books, movies, and cartoon series - the students paraded around the school, enacting their character's memorable lines, and visited other classes to show their creatively inspired costumes. The students also brought in delicious snacks and desserts to share with their friends and teachers. After lots of fun, food, and pictures, the students hugged their friends goodbye and set out to enjoy their well-deserved summer holidays.

JUNIOR SCHOOL BAKE SALE

Bake Sale

The students of Junior School Gulberg wholeheartedly hosted a Bake Sale on 7th December 2021, to raise money for Deaf Reach, a program of the Family Educational Services Foundation (FESF). The program is one of the few networks advocating for academic and vocational education for Pakistan's hearing impaired community.

Students of different classes were allotted specific countries: England, China, France, Pakistan, Italy, & America, so they all brought in food items from the respective cuisines and dressed up in traditional attire. The teachers and the students did a marvelous job of decorating their stalls in accordance with their country's theme. Some of the most memorable decorations were the Piris (wooden stools with weaves), the cutouts of Eiffel Tower, Leaning Tower of Pisa, & the Statue of Liberty, and the flowery Cafe backdrop of France's stall. The tables were laden with mouthwatering food items, beautiful baskets, glass jars, LED candles, and various other handmade props.

Apart from managing the stalls, the students also performed throughout the event, showcasing their musical talent and melodious voices. Many roamed and pranced around the ground with pamphlets in their hands, marketing their stalls and encouraging parents to buy from them. The 'Bail-Out Jail' was the most famous feature of the event among students. They mischievously sent their peers and teachers to jail and amusingly waited for them to be bailed out. Some other activity stalls included pin the donkey's tail and hit-the-can game.

The event proved to be a grand success as the School collected a handsome amount of money for contribution to the Deaf Reach Program. It was heartwarming and inspiring to see our students confidently and adamantly manage the entire event for a good cause. We later invited the Program's team to join us for the Pakistan Day celebrations and to receive the donation's cheque. The students from Deaf Reach brought self-baked delicious assortments. Their team also taught our students and teachers some common phrases in sign language. It was truly heartwarming to see our students show utmost respect and enthusiasm.
